

LPC11xx Definitions

LPC11xx Analog-to-Digital
Converter

```
graph RL; A[LPC11xx Analog-to-Digital Converter] --> B[LPC11xx Definitions];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow pointing from right to left. The box on the right is shaded gray and contains the text 'LPC11xx Analog-to-Digital Converter'. The box on the left is white and contains the text 'LPC11xx Definitions'. The arrow indicates that the definitions are dependent on or derived from the ADC module.
